## FEMALE CANCER SCREENING

**Mount Olive Health Department is offering a Female Cancer Screening at the Medical Clinic in the Health Department from 5:30 pm- 7:30 pm**

The screening includes a Thin-Prep Pap test, cervical and pelvic exam, manual breast exam and referral for a discounted mammogram. Female residents of Mount Olive, Netcong and Mount Arlington are welcome with preference given to those without insurance coverage.

Women aged 21-29 should have a Pap test every 3 years.

Women aged 30-65 years should have a Pap test

Take advantage of the opportunity to gain a better understanding of your health!

Cervical Cancer screening may detect changes in cervical cells before they become cancerous.

Breast exams can help detect abnormal growths early that may be cancerous.

MT. OLIVE HEALTH DEPARTMENT

204 Flanders-Drakestown Rd. Budd Lake, Nj 07828

Please call Helen Giles, RN for an appointment.
